**K.B. Dorsey**  
*Executive Director - Tank Car Safety*

October 24, 2008

**SUBJECT: Tank Car Facility Certification -  
Facility Located at Elon, North Carolina**

Mr. George McGonagle  
Director of Quality Assurance  
Engineered Controls International, Inc.  
100 RegO Drive  
Elon, NC 27244

Dear Mr. McGonagle

Please refer to your request for registration of the above facility. The Tank Car Committee directs that be advised that the subject facility is registered as shown below, provided that the facility meets the comp requirements of 49 CFR 179.7 and Section B3.04 or M-1002, and provided that all outshopped tank cars accord with the requirements of M-1002, Specifications for Tank Cars.

This Facility will be listed in the next publication as follows:

CERTIFIED FACILITY	STATION STENCIL	EXPIRATION DATE	CLASS		
			F	G	L
Engineered Controls International, Inc. Elon, North Carolina	ECIEC	10/24/2014	F		

You are reminded that it is the responsibility of the facility to initiate re-registration proceedings withi months prior to the expiration date shown above.

Very truly yours,

K.B. Dorsey
