# Rego Progressive Web App on Windows

RegoApp can be installed on your system for offline use as its deployed as a Progressive Web App (PWA). Once the app is installed and started, it will run internally in a Chrome or Edge instance depending on the browser that was used for installation.
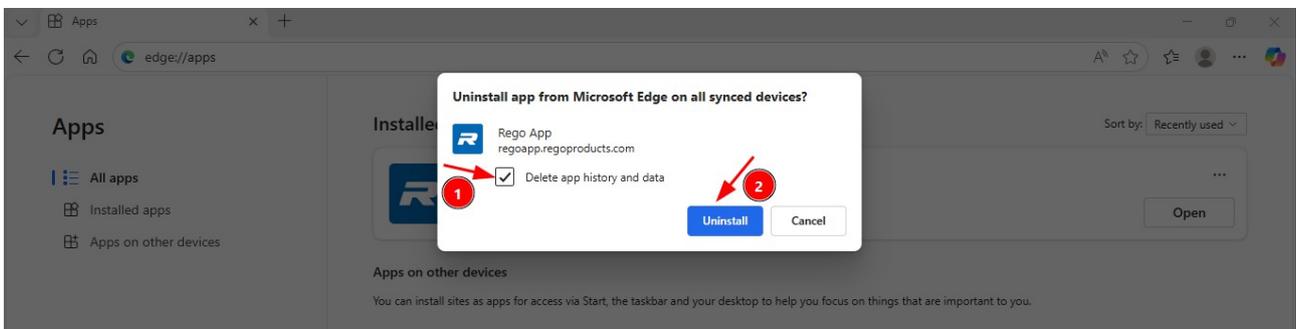

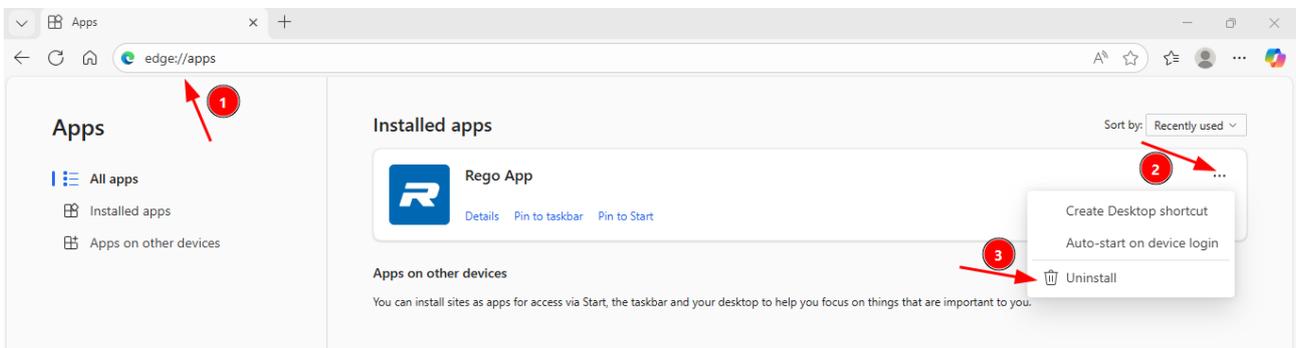

Edge Browser App Installation:

1. Go to https://regoapp.regoproducts.com/ on Microsoft Edge browser.
2. The app can be installed for **offline use** on your system by clicking the install button located here:

**Edge Browser App Uninstallation:**

The app can be uninstalled by going to edge://apps/ and doing the following:

Note: Any data stored on the app will be lost on uninstalling the app.

Chrome Browser App Installation:
      1. Go to https://regoapp.regoproducts.com/ on Google Chrome browser.

      2. The app can be installed for **offline use** on your system by clicking the install button located here:

## Chrome Browser App Uninstallation:

The app can be uninstalled by going to chrome://apps/ and doing the following:

**Note: Any data stored on the app will be lost on uninstalling the app.**
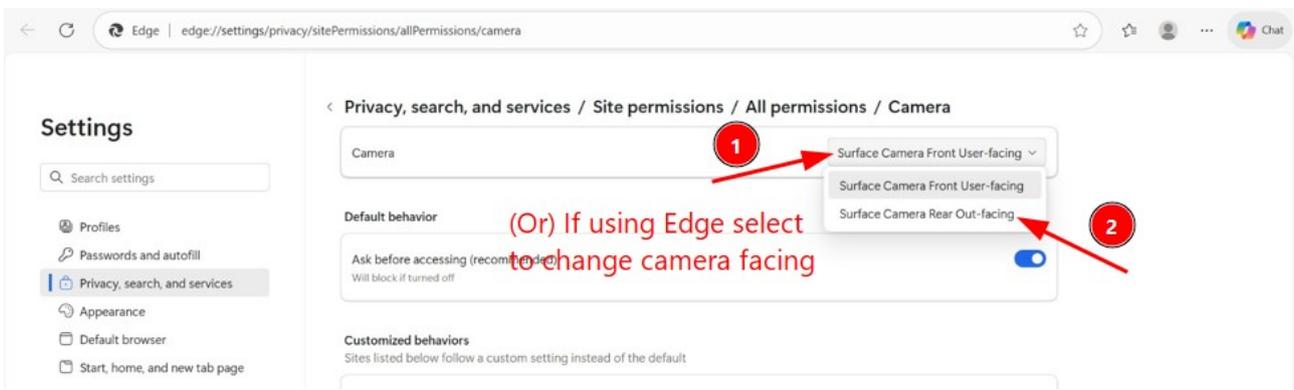

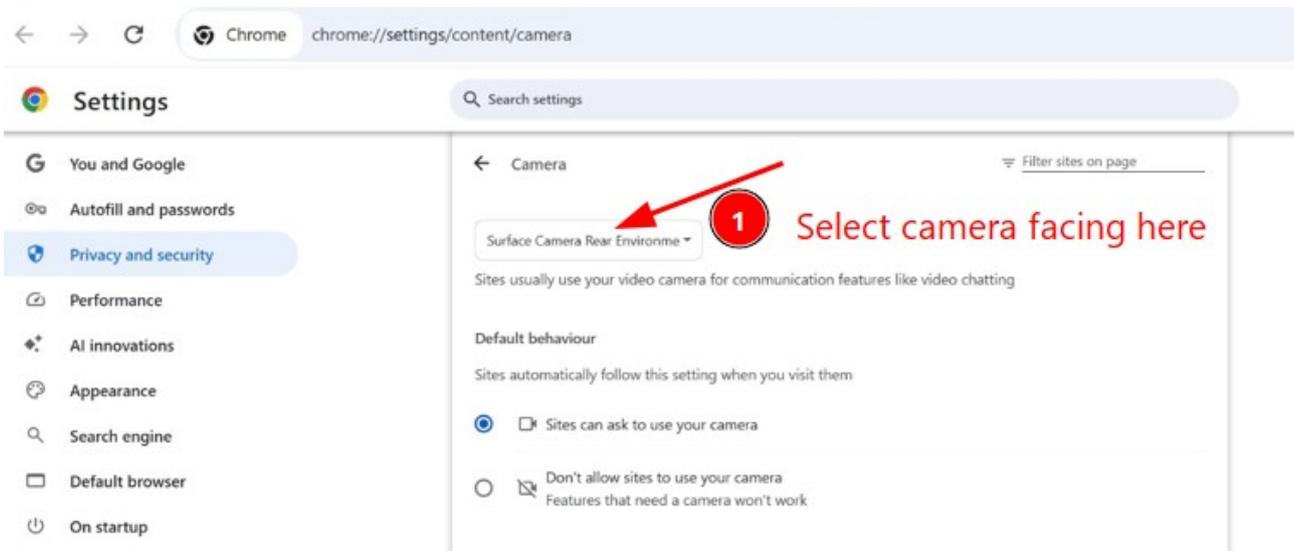

Presto-link Bluetooth Connection:
1. Click on start scanning button to see the Bluetooth device pairing pop-up.
2. Select the device from the list and click pair for it to show up on the app for connection.

Selecting Back Camera on Windows tablet:
For changing the camera facing you need to first open the camera pop-up to take picture. While the pop-up is open you will see a camera icon in the title bar at top.

App update:
Whenever there is a new version of the app available you will automatically see a toast message at the bottom of the app screen asking to Reload.
Note: Reload only after you have completed your current workflow as the app update (reload) will take you to home page.

Minimum Supported Versions:
1. Chrome Version: **114**
2. Edge Version: **114**
3. Arm64 and AMD64 machines are supported.

The app was tested and verified on:
1. Chrome Version: **144**
2. Edge Version: **144**
3. **Microsoft Surface Pro Tablet:**
   Snapdragon X Plus (8-Core) Arm64
   16 GB RAM
   64 Bit Operating System
