Dear George McGonagle,

Tests were performed at the National Board Testing Laboratory for the below Capacity Certification, as required by the Sections of the ASME Code listed in the scope below.

Based on the tests referenced below:

Engineered Controls International, LLC is hereby granted Capacity Certification and authorization to apply the "NB" mark and ASME Certification mark with the applicable designator to the valve type listed below. This authorization is only valid for the above location and only while the organization is fully implementing its quality control system as accepted by the National Board.

SCOPE OF CERTIFICATION

Capacity Certification Number: 46101

Valve Type: 7583 (20% OP)

ASME Code Designator(s): UV

Media: Gas

Organization Type: Manufacturer

Manufacturer: Engineered Controls International, LLC

Certified Rating Value/Sizes/Pressure Range: As listed in the NB-18, <https://www.nationalboard.org/index>

Expiration Date: May 22, 2029

Please feel free to contact us with any questions.

Sincerely,

Gidget Fausnaugh
