Engineered Controls International, LLC  
100 RegO Drive  
Elon, North Carolina 27244  
United States

Dear George McGonagle,

Tests were performed at the National Board Testing Laboratory for the below Capacity Certification, as required by the Sections of the ASME Code listed in the scope below.

Based on the tests referenced below:

**Engineered Controls International, LLC** is hereby granted Capacity Certification and authorization to apply the "NB" mark and ASME Certification mark with the applicable designator to the valve type listed below. This authorization is only valid for the above location and only while the organization is fully implementing its quality control system as accepted by the National Board.

### **SCOPE OF CERTIFICATION**

**Capacity Certification Number: 46178**

**Valve Type: 8684 (20% OP)**

**ASME Code Section(s): UV**

**Media: Gas**

**Organization Type: Manufacturer**

**Manufacturer: Engineered Controls International, LLC**

**Certified Rating Value/Sizes/Pressure Range: As listed in the NB-18, <https://www.nationalboard.org/Index>**

**Expiration Date: July 25, 2028**

Please feel free to contact us with any questions.

Sincerely,

Gidget Fausnaugh
