

Pressure Fittings

LDS2000RV

PATENTED DESIGN FEATURES

Application:
 The patented Presto-Tap LDS2000RV is designed to obtain pressure readings and perform system leak testing using tank pressure without ever breaking the system. Meets NFPA 54 & 58 requirements regarding excess flow. Compatible with all Presto-Tap® gauge products when used at correct locations.

Patented Tank Pressure Fitting						
Part Number	Thread	Core	Body Wrench Flat	Cap Wrench Flat Hex	#54 Orifice	Application
LDS2000RV	1/8 NPT	Viton	7/16	9/16	YES	Tank Pressure

Application:
 The RVL low pressure fitting is designed to obtain pressure readings at first and second sage regulators. Compatible with all Presto-Tap® gauge products when used at correct locations.

Regulator & Appliance Fitting						
Part Number	Thread	Core	Body Wrench Flat	Cap Wrench Flat Hex	#54 Orifice	Application
RVL	1/8 NPT	Viton	7/16	9/16	NO	Low Pressure
