

# Extended Type Hose Couplings for Vapor and Liquid Service

## A7571 and A7575 Series

### Application

Designed especially for liquid filling and vapor equalization of LP-Gas and anhydrous ammonia. The limited travel of the handle on the tailpiece minimizes spin-off, encouraging cautious removal to properly bleed off trapped product to ensure closure of the filler valve and hose end valve. The ACME threads are machined on a rugged steel insert which is permanently cast in the aluminum handle, providing for durability under repeated use.

### Features

- Lightweight aluminum handle is contoured and ribbed for added comfort, easy handling allows for easy make-up.
- Free swivel action between tailpiece and handle allows for easy make-up.
- Simplified design eliminates an extra joint and provides smooth, uninterrupted flow.

### Materials

Handle ..... Aluminium  
 ACME Threads ..... Steel Inlet  
 Restraining Ring ..... Stainless Steel

**A7571 Series**

For Vapor Equalizing

**A7575 Series**

For Liquid Filling

### Ordering Information

| Part Number | Type of Service | A. Hose Connection (M. NPT) | B. Coupling Connection (F. ACME) | C. Approx. Length |
|-------------|-----------------|-----------------------------|----------------------------------|-------------------|
| A7575L2*    | Liquid          | 1/2"                        | 1 3/4"                           | 7"                |
| A7575L3     |                 | 3/4"                        |                                  |                   |
| A7575L4     |                 | 1"                          |                                  |                   |
| A7575L5**   |                 | 1 1/4"                      |                                  |                   |
| A7571LA     | Vapor           | 1/2"                        | 1 1/4"                           |                   |
| A7571LB     |                 | 3/4"                        |                                  |                   |

\* Includes 7199-33 adapter, shipped loose.
